The Temple of Karnak is actually three main temples, smaller enclosed temples, and several outer temples situated on 247 acres of land.

Luxor Temple:

The Temple of Luxor was the center of the most important festival, the festival of Opet. Built largely by Amenhotep III and Rameses II, the temple's purpose was as a setting for the rituals of the festival. The festival was to reconcile the human aspect of the ruler with the divine office.

It is one of the most beautiful & best preserved of all of the temples of Ancient Egypt. The temple was built on three levels with two wide ramps in a central position joining the levels together.
