The Grand Egyptian Museum is a monumental, state-of-the-art archaeological museum located on the Giza Plateau, just two kilometers from the Pyramids.

It is the largest museum in the world dedicated to a single civilization, Ancient Egypt, and is designed to house over 100,000 artifacts.

Its most famous feature is the first-ever complete display of the entire King Tutankhamun collection—over 5,000 treasures—together for the first time since their discovery. Other highlights include the colossal Statue of Ramses II in the Grand Atrium and the magnificent Grand Staircase lined with large-scale royal and divine statues.

The museum's modern architecture features a stunning translucent façade and offers panoramic views of the Giza Pyramids, connecting its contents directly to their ancient setting

Continue to the Khan el-Khalili Bazaar, one of the oldest bazaars in the Middle East. Discover a maze of alleys that have been at the center of Cairo’s trading activities since the 14th century.
