Upon your arrivail to Siwa you will visit Shalli Fortress
The Shali Fortress was built on a hill inside a Protective wall originally breached by a single gate, the maze of mud-brick buildings that Comprises the Fortress served the people of the oasis for nearly 8 centuries. The inhabitants had to live in the narrow quarters, sharing their animals, which were herded into the fortress each evening. The huge chunks of salt so prevalent in [Siwa oasis](#) were used in the construction of the fortress, as they helped to strengthen the wall, Rain has unfortunately proved to be more destructive to the fortress than any human invaders. the fortress was built in the 13th century and served as the center of Siwan life for over 800 years. The fortress' mosque is still in use today, with many of the homes restored, and some even turned into local guesthouses.

You will arrive at 08:30 am You will visit today's Siwa attractions, we will start with Alexander the Great Temple also known as the Temple of the Oracle. It is believed that Alexander the Great wished to consult the Siwan oracle to seek confirmation that he was the son of Zeus. The Greek god of gods, when he and his

entourage arrived at Siwa oasis after a long trip through the desert.

Then Proceed to the temple of Umm Ubaydah or Amun temple, Just 200 m further from the Temple of the Oracle, the temple was erected by the pharaoh Nectanebo of the 30th Dynasty,

This structure is almost completely destroyed, owing to its dynamiting in 1896 by an Ottoman governor eager to acquire building material. An inscribed wall represents all that remains to be seen. Based on earlier drawings by pioneer explorers, however, scholars have deduced that the temple was erected by the pharaoh Nectanebo of the 30th Dynasty.

Then proceed to the Mountain of the Dead

This is a conical mountain a little over a kilometer to the north of Shali. Tombs from the twenty-sixth Dynasty, Ptolemaic, and the Roman periods are cut into the side of the mountain, There are four tombs worth seeing at Gebel Al – Mawta. Si Amun Tomb is the most beautiful in [Siwa oasis](#) . Si Amun appears to have been a wealthy Egyptian, Perhaps of Greek origin, but a follower of the ancient Egyptians belief, The tomb contains an Image from the Egyptian pantheon, including an Exquisite painting of the

goddess nut standing beside a sycamore tree.

Then drive to the salty lake. The salty water takes you above the water and makes you float., You don't need to be a good swimmer. Take care when you go swimming and don't let the water reach your eyes. as it is really painful. Choose the crystal lake and they are many of them. But keep looking for the purest one, when you see the bottom. Take a bottle of Mineral water to shower with after swimming in the lake, The salt lakes have similar hyper-salinity properties to those of Jordan's Dead Sea.
