Itinerary:

As the sand whips past your eyes and ears, your heart beats faster. Here you are, in the grand desert near Sharm el-sheik, driving your very own Quad Runner through the dunes and desert in a way that you'll never forget.

Your day begins with a pick-up from your hotel in Sharm el-sheik, and then a quick drive to get some safety instructions and lessons on the bikes. You'll also be taught how to tie up your headropes so that you don't come back all covered in sand and bruised from the pressure.

Then, we're off to the races. This unmissable experience brings you through the desert at the perfect time of day: sunrise or sunset! You will head to a high point in Wadi Al-Aat, where tea is served in a traditional Bedouin tent. At the end of your tea, we'll race back to town, and then finally return to your hotel
