#### [Dendera temple](#)

The Temple of Hathor was largely constructed during the Late Ptolemaic period, specifically during the reign of Ptolemy XII and Cleopatra VII. Later additions were made during the Roman period. Although built by a dynasty of rulers who were not native Egyptians themselves, the design of this temple has been found to be in accordance to that of other classical Egyptian temples, with the exception of the front of the hypostyle hall, which, according to an inscription above the entrance, was constructed by the Emperor Tiberius.

Apart from these, there are also scenes in the temple complex portraying the Ptolemaic rulers. For example, carved onto the external face of one of the temple walls is a huge relief of Cleopatra VII and her son by Julius Caesar and co-ruler, Ptolemy XV (better known as Caesarion). The two Ptolemaic rulers are shown dressed in Egyptian garb, and offering sacrifices.
